The Marine store has been here for over 22 years and we have recently taken over as the new owners. We are located in Lewisporte, at the entrance of the largest Marina in Atlantic Canada, and one of the most beautiful bays in Newfoundland. We are dedicated to providing excellent customer service and we are excited to not only continue with the services that have been provided but to build and expand to meet all the needs of the recreational and commercial boaters that come into our store.

We carry a broad range of clothing, footwear, recreational and boating products, and, we are always updating our products to meet your needs.

We are located at 149 Main Street, Lewisporte (located downtown)

SHOP LOCAL

Reasons to spend your money locally

Local Economic Stimulus.

When you purchase at locally owned businesses rather than nationally owned, more money is kept in the community because locally-owned businesses often purchase from other local businesses, service providers and farms. Purchasing local helps grow other businesses as well as the local tax base.

Most New Jobs Are Provided By Local Businesses.

Small local businesses are the largest employers nationally. Plus the more jobs you have in your local community the less people are going to have to commute which means more time and less traffic and pollution.

Local Business Owners Invest In Community.

Local businesses are owned by people who live in this community, are less likely to leave, and are more invested in the community's welfare and future.

This Month's Q&A

Q: How Can I Implement measures, and strategies in my business to overcome the covid virus?

A: Businesses have to invent strategic ways to overcome the impact of the covid virus. Take care of your people first. Have measures in place to keep them safe. Be proactive, reach out to your customers and determine if supplies and service is available. Propose additional services, maybe you can fill a gap to bring in additional cash.

Look at your operating expenses and see where you can shave cost. Analyze your cash inflows and outflows and how they are working for you. Thinking outside the box, ex. Side walk shopping, takeout meals, and customer online services, can help ease the impact on business owners.

There is a light at the end of the tunnel.

We just don't know how long that

Tunnel is.
