## Questions and Answers

**How Can I have a successful weekend at the Outdoor Expo ?**

Plan your booth setup- Keep the front of your booth open. Put your table along the back or the side of the booth. You want your space to be inviting so attendees want to stop and talk to you.

Prepare how you will engage with customers- Plan an open ended question that will stimulate conversation.

Prepare 3-4 questions – A big key to success in working a booth is knowing who are candidates- and

Do it quickly. You need to ensure you spend time with people who are interested in what you are selling.

Make a great first Impression- People decide when they are 30 feet away whether or not they are going to stop and talk to you. Make sure your body language is saying “please stop and learn about my business!”

Create a follow-up plan and follow up fast-The longer you wait, the longer the customer has to forget about you. Have a plan in place to follow up, Show sales and earn long term customers.

### Why you should become a member!!

We work on your behalf to lobby government and official departments to address your concerns.

Chambers of Commerce take on the tough issues and may oppose new regulations, taxes, assessments and costs that will negatively impact small businesses. While you may not personally have the time to get involved, the Chamber will use its resources for the betterment of small business owners.

Newsletters provide new member information, interesting information about operating a local business, articles about the local business community, and details about up-and-coming chamber events.

The chamber initiates numerous monthly business-to-business opportunities for networking and connecting with other local business professionals. You also can grow your business by advertising with the chamber and sponsoring events.
